Re: C C Docket Nos 96-45 and 97-21

Dear Sir/Madame

I am appealing a recent decision by the Schools and Library Division with regard to St. John's Preparaton School (Billed Entity Number 11491) and our Year Four Funding Application Number 262413.

The Schools and Library Division received the Form 486 from St. John's Preparatory School for Funding Year Four in September of 2001. This was an especially difficult time for New York City and for ~~our~~ school. On the Form, which was filled within days after the attacks on the World Trade Center, we inadvertently omitted a check mark (✓) on item 11A. All other information called for on Form 486 was supplied. Instead of calling the school and asking ~~us to~~ fax over a new page 4 with this item checked, the Schools and Library Division sent back the Form 486 which they had received with a circle drawn around #11. The Schools and Library Division does not deny that they received this original application and one can see on the copy attached their notation on item 11 as well ~~as a~~ bar code that they added on page 1 with notations on the bottom ~~of~~ page 1 by someone from the Schools and Library Division.

The school resubmitted the original Form **486** with item 11A checked as well as a new copy ~~of~~ the Fonn 486 dated November 9, 2001; these were mailed from St. John's Preparatory School to the Schools and Library Division on November 9, 2001. There would be absolutely **no** reason for us not to resubmit the Form since all that was entailed was recopying the original Form and putting a check mark on item 11A. Furthermore, item #11 concerns the requirements of the Children's Internet Protection Act. St. John's Preparatory School, as a Catholic school, has always been extremely concerned about the use of Internet access for improper and immoral activities; therefore, we had insisted on strong Internet protection with our provider even before Congress passed the Children's Internet Protection Act.

No. 11491-0001-0001  
List 11491-0001-0001

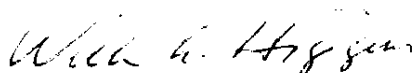

After November 9, 2001 we naturally presumed we had corrected the omission on Form 486 and that everything was proceeding normally with our telecommunications funding request. On March 18, 2002 we were stunned to receive a phone call from Schools and Library Division claiming that they had never received a Form 486 for Funding Year Four from St. John's Preparatory School and all we could do was to make an application for funding from March to the end of the funding year.

St John's Preparatory School has always submitted its funding applications in other years promptly. The Schools and Library Division admits that it did receive our original application in September. I believe it is a grave injustice to our parents and students to deny the school its justified funding. It would be illogical to think that the school would not make the simple correction to the Form 486. Furthermore, our experience with the Schools and Library Division has caused us to doubt the claim of the Schools and Library Division that they never received an updated Form 486 in November 2001. (For example, recently we submitted a Form 470 with regard to Funding Year Five. We received a letter dated October 21, 2002 stating that we had not submitted Block 5 of this form. When the assistant principal called the Schools and Library Division, she was told that in fact the Schools and Library Division had received Block 5 of the Form 470 on October 16, 2002. When she asked if that would be put in writing to the school because of our previous experience with the Schools and Library Division, she was told that this could not be put in writing.)

We appealed the original decision regarding our Form 486 for Funding Year Four in a letter dated March 22, 2002 (a copy is attached). We received a notice from the Schools and Library Division dated October 17, 2002 denying our appeal. In the letter denying our appeal, the Schools and Library Division completely ignored the information provided to them in our letter of March 22. We ask that the Federal Communications Commission review this decision by the Schools and Library Division. I do not think the authors of the Telecommunications Act intended that if a school inadvertently neglects to make one check **mark** on a form that the school should be denied funding for most of a year.

Thank you for your consideration

Sincerely,

William A Higgins  
Principal

**Dear Sir or Madam:**

**We are appealing a decision** of the Schools and Library Universal **Service** with regard to **our Form** 486 for **Funding Year Four**.

We submitted ~~the Form~~ 484 for St. John's Preparatory School for **Funding Year Four** in September of 2001. All the information **called** for ~~was included on the form~~ with the exception of a check mark (✓) which ~~we inadvertently omitted on~~ item 11A **when filling out the form**.

A simple phone **call** could have solicited the information **called** for in this **item** since St. John's Prep has ~~always~~ had child protection on its internet **service**. **Instead** of calling to solicit this information, ~~the~~ SLD sent ~~back~~ the whole application with item 11 circled in **red** and told us to submit **a** new Form 486 **along with** re-submitting a **copy** of the **original** Form 486. We mailed a new **Form** 486 as well as a copy of the **original** Form 486 to the SLD on November 9, 2001.

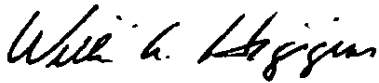

1

After the turmoil of September and October because of the attack on the World Trade Center, the school year **settled down** to a **more** normal routine. **As far as** we could tell, everything was **also** proceeding normally with regard to our **telecommunications funding** request. We **were stunned, therefore, to** receive a phone call from the SLD on March 18 telling us that the SLD had never received a Form 486 for Funding Year **Four from St. John's Preparatory School and all** we could do at this time was to make an application to get funding **from** March **until** the end of **this** funding year.

We appeal **this** decision because the SLD had **our Form 486 for Funding Year Four** with **all** the information it needed to make a decision on our application as far back as July of **2001**. The **only** item (item 11A) **missing** could have been **easily ascertained** by **calling St. John's Prep**. This item did not even appear on the **form** for the **previous Funding Years**. In **addition**, the **second** mailing on November 9, 2001 **has** never been returned to St. John's Prep so **our presumption is that** it **was** received by someone at the SLD.

We believe St. John's Prep should receive **funding** back to the **beginning of Funding Year Four** (July 1, 2001). We **look** forward to hearing from you **as soon as possible so that** our students are not severely **impacted by** the omission of a **minor detail on** a form especially in light of **the fact that** St. John's Prep **has** always complied with all **the** regulations of the SLD in all previous **Funding Years**.

Sincerely,

William A. Higgins
